

## HAND SANITIZER DISPENSING STAND

Arc Hand Sanitizing Dispenser Stands are manufactured in the U.S.A. using the highest quality, micro-ban protected, recycled HDPE plastic materials. Micro-ban is an antimicrobial product protection that enables the material to resist growth of microbes such as bacteria, mold, and mildew. Arc has a rotational molded base and non-corrosive hardware which prevents rust and marring of floor surfaces. \*Dispenser and solution sold by others.

### SANITIZING DISPENSER STAND

- Arc Hand Sanitizing Dispenser Stand is freestanding.
- Constructed of microban protected recycled HDPE plastic materials and a rotational molded base.
- Dispenser and solution sold by others.
- Ships knock down with some assembly required.
- Recyclable. 

### FINISHES

- Recycled HDPE plastic: Brazilian Walnut, Rustic Teak, Driftwood.

### MAINTENANCE

- Surfaces can be cleaned as needed using a soft cloth with warm water and a mild detergent. Avoid abrasive cleaners.
