Laminate Tabletop 12327	with PVC Edge Interior		
	1-1/4" thick laminate table with .125" PVC edge banding. Edge Band: black, white, or matching edge (available with most standard Wilsonart and Formica laminates). Please inquire with Benchmark to ensure an edge match is available. Y Series laminates do not have a matching edge band so a solid color will need to be selected. Laminate inlay: Formica and Wilsonart standards apply.
